

PastelCoin — White Paper

Introduction

PastelCoin (\$NATA) is a lighthearted memecoin with deep Portuguese roots. Inspired by the iconic 'pastel de nata', this project was created to celebrate local culture while embracing the global crypto hype. No oven needed — just FOMO.

Tokenomics

- Total Supply: 1,000,000,000 NATA
- Symbol: NATA
- Network: Binance Smart Chain (BEP-20)
- No burn, no tax, no pre-sale — all tokens minted at launch.
- Ownership currently retained by the creator for gradual maturation.

Vision

We want to see PastelCoin accepted in pastry shops around the world — from Lisbon to Tokyo. The dream? Buy a 'pastel de nata' using your \$NATA, wherever you are.

Website & Community

Official Website: <https://pastelarmy.github.io/PastelCoin/>

Community name: Pastel Army

Slogans:

- Sabor luso, hype global.
- Portugal não tem crypto? Agora tem pastel!

Disclaimer

PastelCoin is a fun, cultural memecoin project with no financial guarantees. It's an experiment in decentralized branding, humor, and hype. Do your own research (DYOR).
